<input type="checkbox"/>	SPECIALIZED SITES	3	600
<input type="checkbox"/>	TOTAL	116	2,658

FIG. 11

The diagram illustrates a search result list interface. At the top left, the text "SEARCH RESULT LIST" is displayed. To its right, there are two input fields: "SEARCH CATEGORY :" and "SEARCH KEY :". The "SEARCH CATEGORY :" field is labeled with reference numeral 238, and the "SEARCH KEY :" field is labeled with reference numeral 240. Below these fields is a table with four rows of results, each containing an index number, an "ADDRESS :", and a "TITLE :". The first row is labeled 242a, the second 242b, the third 242c, and the fourth 242d. The table is followed by a row of vertical ellipses, labeled 242n, indicating that there are more results. The entire interface is enclosed in a rectangular border.
